Our Story

Learn 2 Cornwall Ltd was established in 2021,
however, was many years in the making!

After being a teacher for over 16 years, working as a Service Manager with Mencap and then creating, building and managing another specialist post-16 provision locally, Kyrstie's passion was ignited within both education and adult social care settings and day placements.

We have seen many young people thrust into adulthood with very little skills gained throughout education where they then slip through the cracks when they finish. This is what we want to change.

Our vision is to offer as many skills, qualifications and opportunities as possible working on an individual basis where we can and take a holistic approach to becoming an adult.

Our programmes are available to all young people aged 16+ with an EHCP. We could be a stepping stone into colleges for those who are not quite ready as well as providing successful transitions out of education into adulthood and much more in-between.

Meet The Teams

Senior Leadership Team

**Kyrstie Mann-Founder and
Managing Director**

'I believe that with the right team we can support our learners to achieve their goals'

~ Kyrstie Mann

I love working with the students and am so happy to be able to bring this provision to life. As much as i love teaching i now concentrate on the provision as a whole and the student experience working to bring as much as possible to the provision to enable our students to try new things.

Mike is a qualified teacher and is very much looking forward to getting stuck back into education but this time with different students. He is also now head of faculty and will be using his fantastic people skills to nurture and develop everyone within the Learn 2 team. Mike is so excited to see what changes can be made to encourage our learners to be the best they can be.

**Mike Clarke - Business
Operations Manager**

**Lauren Pike - Office
Manager and HR**

After working for corporate organisations, Lauren decided that she wanted to use her skills to support smaller businesses with a clear vision of 'people before profits', a visions that is 100% supported at Learn 2 Cornwall not just for staff but the students too.

Karl has a background spanning from the military to education and development. Most recently working for a small training provider who he took national. Karl is very good at details and ensuring that we are compliant in every manner.

**Karl Smith - Contracts &
Compliance Manager**

Meet The Teams

Programme Leadership Team

Shelley Bateman - Me 2 Programme Lead / Behavioural lead and First Aid trainer

After working as a paramedic for 19 years, Shelley left the service approx 5 years ago. Shelley joined us in 2023/24 and has thrived in her role, starting as a Learning Support Practitioner. She has very much developed her role to become lead of our bespoke provision, Me 2.

As Shelley has such an incredible background in medical care as well as education, she will also be our First Aid trainer, delivering to business and other SEN providers/schools.

Leah Crompton - T2A Programme Lead / Safeguarding lead and Pastoral care

Leah joined us as a Learning Support Practitioner in 2023/24 and has this year taken on the Programme lead role for our Transition 2 Adulthood programme. We are the only provider to have a year transition programme out of education and Leah is there to ensure that they transition as seamlessly as possible. Whilst with Leah students will grow in their independence as well as complete over 225 hours in various work experience placements.

Amber Davies - Steps 2 Programme Lead / Deputy Safeguarding lead and Special Projects

Amber joined Learn 2 Cornwall in 2025/26 initially as a Learning Support Practitioner, however, given her vast knowledge and experience has now taken on the programme lead for Steps 2 as well as Deputy Safeguarding. She is also working on Special Projects to do with the organisation as a whole and looks forward to some exciting news coming throughout this year.

Kaliea Durrant - Live & Work Programme Lead / Enrichment Co-Ordinator

Kaliea joined this academic year and just like Amber has demonstrated some invaluable knowledge and experience which has resulted in Kaliea taking on a lead role for Live & Work as well as really developing our Enrichment offer. She is very excited to develop this curriculum over the next academic year.

Meet The Teams

Subject Specialists

Marney Williams - Maths Specialist

Marney loves Maths and is infectious in her teaching. She is a very practical teacher and so all lessons have practical elements from making fidget keyrings doubling as number bonds to making boxes using nets to create a game of deal or no deal. She really is the most innovative maths teacher we have seen.

Sophie Walton - English Specialist

Sophie joins us this year after teaching English at a local secondary school, however wanted to teach learners in their own ways. Sophie creates fun in the classroom whilst teaching English. The best bits are the students learning without realising it.

Aaron Green - Music Specialist

Aaron is our music specialist. After working with us since 2024 he ran his first music day with us at the end of last academic year which was a huge success. Aaron demonstrated his musical talents with his guitar and is now teaching 2 of our students at their request.

What we offer

New in 24/25

Steps 2 is our foundation level programme. This is a hybrid of class/group learning as well as 1:1 provision.

The purpose of this programme is to offer continued education for those who may be working at a low level e.g pre entry/entry 1/entry 2. We tailor as much of the programme around each young person as possible.

There are no formal entry requirements for this programme. All places are allocated based on if needs can be accommodated.

Our Core Programme

Live & Work does exactly what it says! Provides skills for both independent living whilst offering as many work experience opportunities as possible.

This is also our longest running programme offering qualifications from entry level 3 to level 2.

The objective of this programme is to encourage learners to find their direction whether this be work, volunteering or life long learning.

The ONLY year long transition programme

Transition2

Adulthood

This programme was developed in 2022/23 following requests from parents.

We spend the entire year building confidence in independent living skills as well as work/volunteering.

The main goal of this programme is to create a secure future after education which answers the question – ‘what does life look like after education?’

We are often asked by parents, referring agents, and County representatives who are seeking support for individuals who are struggling to find suitable provision.

Me 2 enables us to engage in meaningful conversations with all parties involved and collaboratively design a personalised programme tailored to the individual's needs. We remain flexible and committed to helping where we are able to.

New in 24/25

What We Cover

Independent Living Skills

From cooking, washing, understanding labels, ironing and shopping to personal health and hygiene, managing money and staying safe. All learners need to have skills that will support them to become more independent. This enables them to address the 'preparing for adulthood' section of their EHCP. We teach these skills in conjunction with either a particular vocational qualification and/or work experience.

Qualifications

New for 2024/25 we will be offering an English & Maths hub for all learners. For some, this may be a formal qualification and for others this may be embedded into everyday learning and living. Our new hub offers a very unique way of teaching Maths & English specifically for young people with learning disabilities. English & Maths can actually be lots of fun and we are happy to show you what this looks like this academic year!

In addition to the above, we currently offer qualifications in Skills for Living & Work as well as Employment Development Skills. These allow us to mix and match many modules in order to build a curriculum that works both for groups as well as individuals.

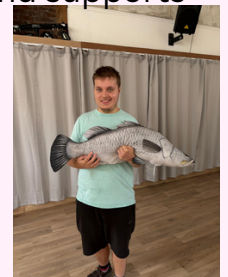

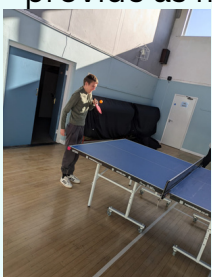

Work Experience/Volunteering

We aim to offer a wide range of opportunities across various industries. We currently offer a minimum of five different work or volunteer placements throughout the year - more than any other provider in the area.

We believe it's important for young people to contribute to and support the local community and economy, whether through paid employment or volunteering. To achieve this, we collaborate with community projects and local businesses to maximise the opportunities available.

Recognising that many young people are still exploring their future career paths, we aim to provide as many varied experiences as possible. This helps promote choice and supports informed decision-making about their next steps.

Our new premises - Hayle

What We Get Up To

Why Choose Us?

We are an experienced and dedicated team with the students at the centre of everything we do.

A commitment to providing the highest quality of learning to all.

A range of programmes on offer, as well as the opportunity to provide bespoke learning where necessary.

We have small class sizes, high levels of support and a calm, tranquil environment.

We provide a more nurturing environment where students can build confidence and independence through support and encouragement as well as having opportunities to take the lead.

We're flexible and creative with our programmes. If you're struggling to find the right provision or need something specific, get in touch - we're happy to explore bespoke options.

In addition to our 3 day education provision we can also offer up to 5 days through enrichment (please ask for details of this)

What Our Students Say

“I like it here because I love doing animal care and Learn2 Cornwall is making me more confident with my progression to Duchy next year. The staff here at Learn 2 Cornwall are so helpful and caring, they are really supportive with my disability and they are helping me become more independent”.

“I love Learn2 because the staff are so friendly and the teaching is amazing. I feel safe and I love the site. I have learnt so much and like that it is all about the students and making us happy”

“I like Learn2 Cornwall because its small and quiet. It makes me feel safe and we are all cared for. It makes us boost our confidence and to be independent and the staff are great”

“I like Learn2 Cornwall because the teacher is brilliant. I like working in a team with other students. The teachers and assistants try to help me be confident and independent”

Enrolment Info;

How to enrol with us

Contact your Careers Advisor

FIND OUT WHO YOUR LOCAL ADVISOR IS AND MAKE CONTACT WITH THEM ASAP - YOU WILL NEED THEIR HELP.

Careers Advisors are required to be involved with all changes to education, which include changing from 1 provider to another. You must speak with them asap in order to find out what is available.

Go and visit all potential provisions

MAKE APPOINTMENTS AS EARLY AS POSSIBLE

In order to make the right choice for your next steps you must visit all potential provisions to get all the information before making your choice.

Choose your next provision

GO BACK TO YOUR CAREERS ADVISOR AND CONFIRM YOUR CHOICE

The Careers Advisor will then write a report which is sent to County in order for the process to start. This can take a long time so the earlier you start the earlier you will know what is happening.

Name us in your EHCP Review

ENSURE LEARN2 CORNWALL IS ADDED TO YOUR EHCP REVIEW

We can always attend your annual review if you wish but this must be booked in asap.

Complete and submit your application

BEST TO SUBMIT BEFORE DEADLINE

Email us and confirm you would like to attend Learn2 Cornwall and we will send you a registration form. We will confirm your place as soon as County confirms it with us.

Enrol now for next year
